TAMIS®
THE TAMIS CORPORATION

VERSA STAND
Sign Tower

U.S. MADE SINCE '64

The prominent sign tower that stands out above the crowd for maximum visual impact.

ESCALATOR TO 350 LEVEL EXPRESS NO BAGS

Optional lighting feature: illuminate the tower for even greater visibility.

Sleek design: curved edges, stylish ribbed side panels.

Tilt & Roll wheels: allow for easy transportation when the tower is angled, yet disengage when upright to ensure unit remains stationary.

LEGACY PRIME FIELD BOX

ATM | 12TH MAN.COM

Durable PETG signage panels: to prevent cracking and withstand heavy use environments. Alternative materials also available.

Features

▸ Two available heights: 72" or 92".

Standard Panel Inserts (Sold separately)

Printed Rigid Panels: Graphics are printed on the back of 1/16" PETG panels with a white vinyl backing to protect the graphic. This clear impact-resistant plastic bends easily and has a matte, non-glare finish.

Curved Sintra Panels: Available in solid black or white as a back for single-sided towers.

Change curved panels easily, no tools required: Simply remove panels through hand slots in the top of the unit and replace by aligning panel edges with the side insert tracks.
